

RHODE ISLAND

REQUIREMENTS FOR THE SECONDARY TEACHING CERTIFICATE

The Secondary Teaching Certificate is valid for teaching a special content area in grades seven through twelve in a junior/senior high school.

I. Certificate of Eligibility for Employment (CEE) – valid for three (3) years

The initial certificate in Rhode Island for all areas of certification is a CEE. The CEE is used to seek regular employment in the schools of Rhode Island for the field identified on the CEE. The CEE is also valid for service as a substitute teacher. If regular employment is not secured in the three (3) year period, the CEE can be renewed every three (3) years (SEE NOTE ONE) until regular employment is secured. To be issued a CEE in secondary education an individual needs to satisfy all of the following:

- Bachelor's Degree from an accredited or an approved institution of higher education as defined in these regulations
- Graduate of an approved program for the preparation of secondary education school teachers within the previous five (5) years from the date of application. Applicants who have not completed an approved program can be certified by transcript analysis by presenting evidence of six (6) semester hours of student teaching (SEE NOTE TWO) in the secondary grades and not less than eighteen (18) semester hours of course work to include work in each of the following areas: Adolescent Psychology, Secondary Methods, Measurements and Evaluation, Identification of and Service to Special Needs Students, Teaching of Reading in the Content Area, and Foundations of Education.
- Applicants who have not previously been certified in the State of Rhode Island must achieve a score of at least 167 on the Principles of Learning and Teaching Test, 7-12 prior to being certified.

8. Social Studies..... 36*

*The issuance of a social studies certificate requires 24 semester hours in history as required for a history certificate. The social studies certificate is valid for the teaching of history and will be endorsed to teach any academic area in which an individual has completed six semester hours. Academic areas include anthropology, economics, geography, political science, and sociology.

9. Academic Areas not listed above..... 18*

*A teaching certificate will be issued in any academic area not listed above provided the candidate has met all requirements listed under parts A and C of Section I and has 18 semester hours of credit in the academic area for which certification is sought.

II. PROFESSIONAL CERTIFICATE: valid for five (5) years.

- The professional certificate is issued to individuals who secure regular employment in the schools of Rhode Island. Upon securing regular employment in Rhode Island, the CEE is used to request a five (5) year professional certificate. When applying for a five (5) year professional certificate the applicant

must submit the CEE along with documentation from the employing authority that regular employment has been secured in the certification area of the CEE. Upon securing regular employment, the educator must write and get approved a five (5) year Individual Professional Development Plan (I-Plan).

- The professional certificate may be renewed every five (5) years upon the successful completion of an (I-Plan) that has been approved by the I-Plan Review Panel. Individuals who have not served as a secondary education teacher in Rhode Island for the five (5) year period are entitled to an extension to the professional certificate (SEE NOTE THREE) at the end of each five (5) year period without the completion of an I-Plan.

NOTE ONE (1): Individuals who do not renew their CEE within six (6) months from the date of expiration may be required to complete additional requirements under new regulations to re-instate the expired certificate.

NOTE TWO (2): The student teaching requirement may be waived for an applicant who has had two or more documented years of successful teaching experience in an approved secondary setting. Certified teachers who have had two or more years of teaching experience and who seek Secondary certification may fulfill the student teaching requirement by completing a one-year supervised internship at the secondary level. After completing the necessary course work for the secondary certificate, and arranging through the local community for a one-year internship, the Superintendent of Schools may request the issuance of a one-year professional certificate. The Department of Education must approve the internship in advance and the supervisor must have at least 3 years of teaching experience. Upon successful completion of the internship, the individual will be issued a five (5) year professional certificate.

(OVER)

NOTE THREE (3): The five (5) year professional certificate requires the successful completion of an I-Plan every five years for renewal for individuals who have been in regular employment for the five-year term of the certificate. To be entitled to an extension of the professional certificate without the completion of an I-Plan, educators must document their employment history during the previous five (5) years. Educators holding regular employment who serve for less than 135 days during any school year are entitled to a one (1) year extension of the professional certificate for each year of service less than 135 days to complete their I-Plan. Educators who leave regular employment during the term of the professional certificate are also entitled to an extension of the professional certificate for the number of years not engaged in regular employment. Educators who return to regular employment, must modify, if appropriate, the I-Plan on record and complete the five (5) year I-Plan during the remaining term of the extended certificate.

Individuals who do not renew their Professional Certificate within six (6) months from the date of expiration may be required to complete additional requirements under new regulations to re-instate the expired certificate.

¹Individuals who desire to secure certification in secondary education by means of transcript evaluation will be required to submit evidence that they have completed appropriate academic course work (see Preamble for required course work in each academic area). The Certification Office will publish an updated list annually of academic content areas required for each secondary area of certification. This list of courses will take into consideration the desired distribution and appropriate level of academic course work which must be completed by individuals desiring to teach in the secondary grades.
